

From the AD's Desk:

Thank you for the support of our fall student-athletes. Fall sports are coming to an end and the winter sports are preparing to start the 2017-2018 season. The athletic booster club would like to extend their THANKS for your support of our Squire student athletes through membership, the golf outing, and upcoming booster events. Congrats to girl's golf on capturing back-to-back TRC titles, 2nd place sectional finish, and a very respectable 7th place in the IHSAA Regional. Special thanks to our fall senior athletes and parents for your support of your son/daughters and Squire athletics; it is very much appreciated. #GoSquires

IHSAA Student Athlete Tip of the Week

"Promoting education based athletics in Indiana"

How do you respond as an athlete when things aren't going well for you? How do you act when you are demoted or you aren't playing as much as you wish? Are you still happy to be a part of the team, or do you put yourself first and continue to think that you deserve more than your coach is giving you? Do you quit or stick it out? While I know that it is very difficult to practice hard and give it your all, you can still be important to your team in a supporting role.

In life, you will be challenged with these same decisions when things aren't going well. Will you quit, or will you stick it out? Those who stay involved for the long haul won't win every battle, but having the right attitude and never quit persona will serve you much better than quitting!
